**Subject:** Ashburn Road Construction Scugog

Hi Dan,

My name is Ron Lalonde and I am the Executive Director for Durham Region Cycling Coalition (DRCC).

Today, while out cycling, I came across newly installed constructions signs on Ashburn Road located at the Town Line Whitby / Scugog intersection.

Upon a search, I have now discovered The Township of Scugog has scheduled Ashburn Road north of Town Line Road for construction work involving pavement preservation commencing May 01, 2023.

With this road being a primary local cycling corridor - identified within the Scugog Active Transportation Plan as a Regional Primary Cycling Network Route (Page 12 Map ES.3) as well as the Provincial Green Belt Route - I am reaching out to enquire as to what provisions and safe guards are being put in place to support cyclists using this road as construction commences.

I would appreciate learning more about the project at your convenience.

Thank you,

Ron

Ron Lalonde
