Attention: Jason Gaynor, C.E.T. Project Coordinator

Re: Zephyr Road Rehabilitation & Culvert Replacement - Regional Road 39 to Concession 4 & Zephyr Road Reconstruction - Concession 5 to 0.7 km East of Concession 5

Dear Jason,

As project coordinator for the above noted projects, we are seeking an update status on the timelines planned to move forward with construction.

We are Durham Region Cycling Coalition (DRCC), Durham's leading safe cycling advocacy voice, representing a wide-ranging demographic of cycling enthusiasts across the Region.

Many of our supporting members cycle this road on a regular basis, however, given the broken road surface, potholes and deteriorating shoulders, cyclists can no longer travel safely across Zephyr Road. Please reference attachment # 1.

Further to this, we note that Zephyr Road is identified within the recently completed Regional Cycling Plan as a core cycle network road scheduled for improvements in the near term. (attachment #2)

As such, with the poor conditions at hand from a cyclist's perspective and noting the project description includes cycle support improvements, can you advise when work will be tendered for completion?

Thank You,

Ron Lalonde
Executive Director, Durham Region Cycling Coalition

C.C. Kevin McConomy, President, Uxbridge Cycle Club
Ramesh Jagannathan, Director, Transportation and Field Services, Durham Region
