Advocating for Safe Cycling Throughout Durham Region

2024-10-25

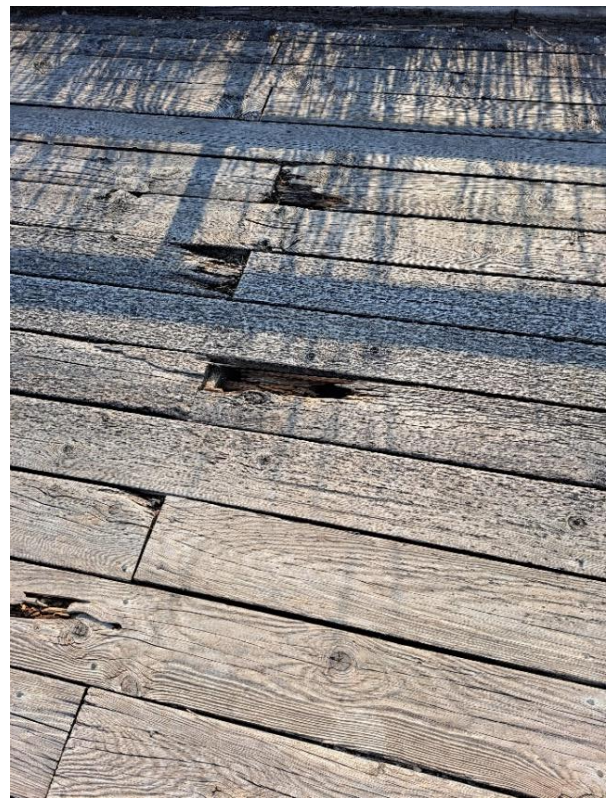

North Durham TransCanada Rail Trail Update

We are pleased to advise that Durham Region Cycling Coalition has secured additional repair work on the rail trail as follows:

1. The bridge east of Blackwater Junction will have repairs completed including the replacement of rotted and missing deck boards as well as limestone screening fill added to the bridge approach on the east side of the bridge.

Work is anticipated to be commence within the next 10 days.
