Advocating for Safe Cycling Throughout Durham Region

Know Your Rights Cycling Workshop

Date: April 05, 2025
Time: 10:30am – 12:00pm
Location: Whitby Public Library

As a Durham Region Cycling Coalition supporting member, you are invited to attend this free information event which we are hosting with guest speaker Dave Shellnutt.

Dave is a managing partner with **The Biking Lawyer LLP**, who are personal injury and cycle law specialist. Additionally, Dave is as dedicated road safety advocate and cycling community champion frequently seen on T.V., in print and social media.

This workshop aims to educate cyclists about their rights, empower the cycling community, and raise awareness of cyclists' legal entitlements and rights. In this workshop, Dave will highlight critical steps to take post-collision should the unthinkable occur. It will help cyclists understand the claims process, report filing, insurance coverage, and how to document any damage sustained.

Dave will also answer cycling law and rules of the road questions from participants.

Know your Rights – Plan to attend
